

Navigating Long Assignment 3

EC 103–02

Marcio Santetti

The last assignment

The last assignment

This last assignment is the opportunity to explore *what interests you*.

The **only** requirement is that it should involve some macroeconomic variable(s)!

Some logistics

Some logistics

When searching for data, look for `.csv` files.

In case you end up with `.xls` or `.xlsx` files:

- `{readxl}` package

Useful databases

Useful databases

If you are interested in U.S. macroeconomic data, [FRED St. Louis](#) is the place to go.

Other comprehensive databases:

- [Our World in Data](#);
- [World Bank Open Data](#).
 - we can use the `{wbstats}` package!

Useful databases

Let us explore the `{wbstats}` package a little more.
