# Translating Vitess: Beginnings

Toliver Jue & Roni He  
Engineers, PlanetScale

CLOUD NATIVE  
COMPUTING FOUNDATION

@vitessio

# Need

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

- Repeated questions from non-JD developers based in China
- Increasing interest in Vitess in China

# Goals

- Vitess website - Chinese Version
- Vitess documentation - Chinese Version
- Make Vitess easy to setup and run for every developer in China

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

# Barriers

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

- Insufficient tutorials, how-tos written about Vitess in Chinese websites
- Lack of Chinese documentation
- Setup help needed, preferably in Chinese

# Areas for Improvement

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

- Vitess website: <https://vitess.io/>
- Github documentation: <https://github.com/vitessio>
- Internal Tooling

# Guidance and Support

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

- All Vitess developers can refer to the [Style Guide](#) to translate Vitess open source documentation
- JD.com, as maintainer of Vitess documentation in China will check and approve the PRs

# Examples

KubeCon

CloudNativeCon

OPEN SOURCE SUMMIT

China 2019

- Vitess intro:(can be linked to following slide )
- setup
- Resharding
