

OLEKSANDR KOVAL DMYTROVIC H

JUNIOR SPECIALIST

ПРО МЕНЕ

A motivated Software Engineering trainee actively developing technical skills through studies at the FITKI faculty. I possess a foundational knowledge of programming and am eager to apply it to real-world projects to contribute to the company's success and my professional growth. I am passionate about leveraging the latest IT innovations and AI agents for workflow optimization and automation.

ЗНАННЯ МОВ

English - Intermediate
Ukrainian -
Advanced/Fluent

Motivated aspiring engineer looking to gain hands-on experience in a real-world setting. Committed to professional growth with a focus on AI automation and the customization of Large Language Models (LLMs) for niche applications. I aim to contribute to the company's success through data analysis and the creation of algorithms designed to enhance AI-human collaboration and efficiency.

SKILLS & COMPETENCIES

Aspiring Software Developer with a focus on **Java** and **C++**, backed by practical experience in data analysis and visualization projects. I possess a solid understanding of **API design principles** and foundational knowledge of **cloud technologies**. My familiarity with **DevOps practices** allows me to comprehend the full Software Development Life Cycle (SDLC) and efficient deployment processes. I am a fast learner, committed to developing high-quality, scalable architectural solutions.

Tools & Software
IDEs: Proficient in **VS Code** and **RStudio**.
Productivity: Expert user of the **Microsoft Office Suite**.
Cloud Management: Basic experience in managing and configuring cloud services.

AI & Automation Expertise
AI Agent Development: Proven experience in building and deploying custom agents within **VS Code**, as well as configuring specialized agents on platforms like **Gemini, ChatGPT, and Claude**.
AI-Augmented Development: Skilled in frontend development using **AI-driven "vibe coding"** methodologies to accelerate prototyping and implementation.

SOFT SKILLS

Strong Interpersonal Skills
Rapid Learner
Effective Time Management
Creative Problem-Solving
High Accountability
