

SIG Azure Deep Dive

KubeCon NA 2018

Stephen Augustus ([@justaugustus](#))

SIG Azure Chair

Kal Henidak ([@khnidk](#))

SIG Azure Technical Lead

kubernetes

What have we been working on?

VMSS (Virtual Machine Scale Sets)

Availability Zones

Cluster Autoscaler

KMS via Azure Key Vault

Cross-resource group nodes

Plans for upcoming cycles

- Continuing migration of Azure cloud provider out of core Kubernetes repo
- Docs improvements
- More testing (e2e, Kubernetes Conformance)
- Migration to subproject of SIG Cloud Provider

Demo

Questions?

Where to find us
