MINECRAFT

Sun	Mon	Tues	Wed	Thur	Fri	Sat
NOTES						

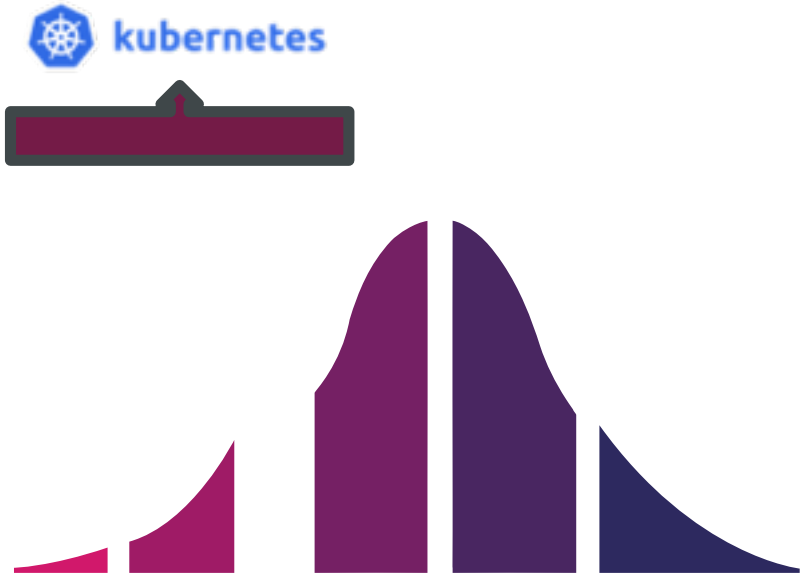
Mouse Soup

“Why are you staring at a black screen?”

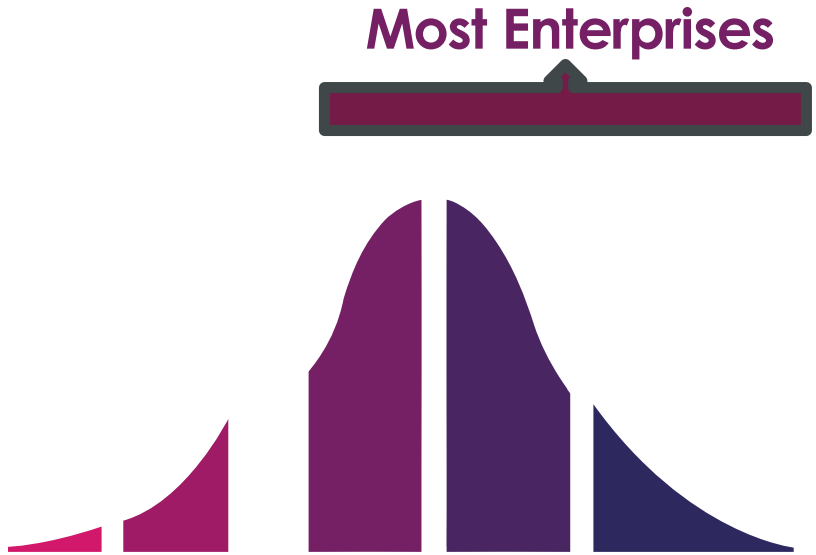
“I don’t see any zombies”

metaphor

2nd grader → most enterprises



kubernetes



Most Enterprises

zombies → software failures

hiding in a hole → precautionary practices

long release cycles

infrequent dependency updates

manual quality assurance

irrationally

precautionary

exempt

COMMUNITYBRIDGE
EASYCLA
Project Manager or Maintainer
Sets up CLA using EasyCLA
Developer (Contributor)
Makes a pull request .
Authorized Contributor
Is the Contributor authorized under the CLA?
NO
Pull Request Rejected
GitHub rejection comment contains a link to EasyCLA.
YES
Choose Contributor Type
Select between individual or corporate contributor.
INDIVIDUAL
Individual Contributor
Contributor signs the individual CLA.
CHECK PASSED
CORPORATE
Corporate Contributor
Has the Corporate CLA been signed?
NO
Information Required
Contributor populates personal, corporate, and CLA Manager details.
EASYCLA EMAILS CLA MANAGER
YES
CLA Manager
CLA Manager whitelists authorized contributors.
Authorized
Is the CLA Manager an authorized signatory?
YES
NO
CLA Manager
CLA Manager identifies authorized signatory.
EASYCLA EMAILS CLA SIGNATORY
CLA Signatory
Signs the corporate CLA.
CLA APPROVED
CHECK PASSED
Approved Contributor
Pull request shows checks are passed and Contributor can commit their code.
